Important notes:

All prices are excluding vat, mounting systems and freight costs

Standard delivery time for flat panels is about 4 weeks + freight. Manufactured in USA or Norway

Panels are delivered with PE (plastic) or paper masking for protection during shipping, this masking can be removed upon request

Custom size panels are available upon request, manhours will come in addition depending on complexity

Payment terms: 50% at placement of order, 50% at product arrival

Transparent panels can be flood printed to custom colour

All flat panels can be digitally printed with pictures or silk screened

3form and Lumicor laminated products available upon request
